Business Analysis: Business Insights, Trend Identification, Conversion Analysis, KPI Analysis

Data & Reporting: SQL, Microsoft Excel, Microsoft Office, Power BI, Data Analysis, Reporting, Dashboards

Process & Stakeholders: Process & Workflow Analysis, Stakeholder Communication, Cross-Functional Coordination

Analytical & Technical: Python, Scikit-Learn, Feature Engineering, A/B Testing, Analytical Research

EXPERIENCE

BrightRays

Intern

Aug 2026 – Present

Noida, India

- Work with cross-functional teams across data, AI, automation and digital growth, gaining hands-on exposure to how business processes and digital systems are planned, executed and scaled.

Top Talent Bridge LLP

Intern

Feb 2026 – Apr 2026

Gurugram, India

- Analysed business and operational data for an edtech startup using SQL and analytical tools, interpreting records to answer questions about how the business was performing.
- Identified trends across operational information and prepared insights that supported management decision-making.
- Presented findings in a structured format for international clients, translating analysis into conclusions they could act on.

GAINT Logistic Private Limited

Intern

Jul 2025 – Sep 2025

- Carried out business analysis and performance tracking, organising KPIs to measure how the operation was performing.
- Evaluated lead and conversion data to identify trends in business performance and highlight workflow inefficiencies.
- Built dashboards consolidating performance data to support better business decisions across the operation.

RESEARCH

“A Machine Learning Approach to Classifying Stress Levels”

Lead Author — AIS2C2 2025 Conference and Journal of Intelligent Computing System

Aug 2025 – Mar 2026

- Framed and analysed a 110-participant study using the USS-21 scale, handling data curation, pre-processing and feature engineering.
- Compared supervised classification models with Scikit-Learn, translating results into structured findings on psychological versus lifestyle factors.

LEADERSHIP & ACHIEVEMENTS

- **Management Lead, Google Developer Student Clubs (GDSC)** (Jul 2024 – Jul 2025): modeled campaign performance and ran A/B testing on messaging across a 500+ student technology community, increasing event registrations by 25%.
- **Letter of Recommendation** — Gautam Buddha University

EDUCATION

Gautam Buddha University — Bachelor of Technology (B.Tech), Information Technology

Sep 2022 – May 2026 | Greater Noida, India
